

ASSEMBLY INSTRUCTIONS

1. Carefully unpack and identify all parts referring to illustration for parts identification.
2. Turn the power to the installation point OFF.
3. While threading wire through, attach the loop (4) onto the nipple (5). Attach the chain (3) to the loop (4).
4. Refer to the additional installation instructions included with the product for wiring and installation.
5. Install the glass shade (6) into the outer frame (7) and align it with the side mounting holes.
Use a hand lock cap (8) to pass through the side holes of the glass shade (6) and the outer frame (7) bracket holes. Secure the glass shade (6) onto the outer frame (7) with a column cap (9)
6. Install tube (10) onto the socket (11). Install proper bulbs (not included) into each socket (11) referring to the markings and/or labels on the fixture for maximum wattage.
7. Restore power to the installation point and retain this sheet for future reference.
